Israeli Settlement in Palestine & Europe: Facts & Prospects

The conference will expose ongoing illegal Israeli settlement activity – a million Israelis have already settled on occupied Palestinian lands, and discuss the EU's official discourse on this usurpation. Our Palestinian and European experts will highlight the discourse from Europe and the EU regarding the illegitimate settlements. In the latter part of the conference, our legal experts will discuss the framework that makes dealing with the settlements *illegal* under several areas of jurisprudence.

Speakers:

Khalil Tafakji - Head of the Maps department, Arab Studies Society in Jerusalem

Majid Al-Zeer - Chief Executive Officer, EUPAC
